## MT WASHINGTON SPRING FESTIVAL PARADE REPORT:

Submitted by ***Emeric Howell***

It was a cool overcast day but not too bad. Our club made a good showing at the parade with (7) Model A's driven by **Moise Napier, Louie & Angela Nett, Roy Armstrong, Marty Burke, Emeric & Lesa Howell, Charlie & Susan Armstrong, Fred & Cricket Shelton** and **Jerry & Rita Mills** in their 55 Chevy.

After the parade and spending some time at the car show most of the group went to lunch at Bootleg Barbeque where **Moise** treated us to lunch. THANKS, **MOISE** FOR EVERYTHING!!!

## TOUR TO THE DAUGHERTY'S:

Submitted by ***Emeric Howell***

Lead by Roy Armstrong, we left Shepherdsville at 6am with (4) Model A's driven by **Roy Armstrong, Charlie & Susan Armstrong, Moise Napier** and **Emeric Howell**. **Jim Norris** joined us along the road in Irvington, and we made our first stop in Hardinsburg at Hardee's for breakfast.

With a few stops along the way, we finally ended up at **Kevin & Wanda Daugherty's** home in Booneville Indiana around 9am central time. We met

several members of the Owensboro and Evansville Model A Clubs as well as **Jim & Fran Hollis**.

While we waited for a few stragglers to arrive the **Daugherty's** gave us a tour of their beautiful home and their impressive car collection. They have several Model T Fords, a 40 Ford Coupe, a 55 Ford Fairlane and at least five Model A's.

Their grandson **Macon**, who is 14 years old is getting an early start learning to drive Model A's now so when he gets his permit later this year, he will be ready to tour with the best of them! **Macon** was demonstrating his driving skills in their large yard when I flagged him down and asked to jump in the passenger seat. I road several laps with him and he did very good!

Next Kevin led the group to Evansville to see a private collection that is unbelievable. There were three buildings filled with old signs, gas pumps, pedal cars, tools and bicycles. You could be there for days exploring this collection. One building housed (61) Cadillacs and Lincoln Continentals from the fifties to the seventies.

We returned to **Kevin & Wanda's** house where she had prepared are great lunch with barbecue, several side dishes and topped it off with homemade ice cream over brownies!

After lunch **Kevin** gave several of us a ride in his 1913 Brass Model T Ford. I told **Kevin** this was

the second time I've been in a Model T and from time to time I think I need to own a Model T. So, he let me drive it down the road and back. I have never driven anything like that. WOW, what a different experience! I thought about **Henry Ford** not wanting to make a new car to replace his beloved Model T and his son **Edsel** insisting they need to build a new car to replace the T. After that ride I realized... **Edsel** was right!

We said our goodbyes and headed for home. I drove about 320 miles round trip and arrive back in Shepherdsville around 7pm after one last stop at Dairy Queen of course!

A BIG THANK YOU to **Kevin & Wanda** for opening their home to us and making our day great!
