## REPORT ON BRAKE AJUSTMENT CLASS:

In September, club members gathered for a Model A Brake adjusting class at **Fred Shelton's** garage. The event was a great success, with everyone receiving valuable insight into what is involved in the correct adjustment of the Model A Ford brake system.

Attendees not only learned about what's involved in adjusting mechanical brakes, but also gained hands-on experience adjusting the brakes on a 1930 Roadster supplied by our host.

A special thanks goes out to **Fred Shelton** for allowing us to use his garage and car for the class and to **Steve Grant** for organizing and leading the class.

Looking ahead, **Steve Grant** is planning a future class, possibly on rebuilding the Model A distributor. Stay tuned for more details!
